

CHRISTIAN CULLEN

Stand out performers in NZ this past season include:

What more can be said about this champion?

We think nothing, as he has nothing left to prove, so he has now taken over the title that his sire In The Pocket earned "SIMPLY THE BEST" and we think that evolution has quite justifiable given him the right to assume that title.

But its not down and out for In The Pocket, its, just move over and let your best son continue the sire line (will the next progenitor of the Direct Scooter line be Gotta Go Cullen?

Ian Dobson thinks so, and he has been proven right with his other statements). We also now have a stallion who has the Direct Scooter sire line on the maternal side. Breeders who are aware of that sire line influence will be the astute breeders.
